Bilingual books, activities, games, and music CD's.

Spanishtime® is an interactive, hands-on language learning adventure featuring adventures in art, music, and games as well as conversational and written activities! Spanishtime® gives you many different ways to learn and remember the Spanish language including grammar lessons as well as fun games and activities. Our KIDS classes are taught in themed units such as 'Family' or 'Animals' or 'Calendar'. Then, all of the activities revolve around that central theme as well as adding some conversational phrases, grammar and culture to the unit! The themes do not repeat during the school year and allow new students to join at any time without missing a beat! The daily activities vary from playing Spanish bingo to charades to karaoke and much more! Students will go home with all their completed projects as well as supplemental materials to help him/her learn and reinforce the Spanish language!
